

Do Something
today
that your
future self
will
thank you
for

The Open
University

Over the years many of you have accessed the free learning flyers that Aegis send out. The Open University have developed a course that will allow you to consolidate much of that learning and gain a qualification. You can find out more about the course by copying and pasting this link: <https://www.open.ac.uk/courses/modules/yxm130> or check out the video on YouTube: <https://www.youtube.com/watch?v=pRwEYJas3Bo>

The Open
University

This is a great opportunity to gain a qualification for study you may have already done.

This is also open to people that want to start learning with the OU in a more structured way.

There will be an information session on 26th July where you will be able to ask questions about the course and decide if this is right for you.

The Open
University

There are a limited number of places available, and they will be offered on a first come basis.

The cut off date to register your interest is:
Friday 22nd July.

This session is just about giving you information not the registration for the course!
